

“Fostering Healthcare Innovation & Partnerships”

Hosted by

Date: Monday 24th April 2017

Venue: The Nobbies Centre, Phillip Island Nature Reserve

The aim of the “Fostering Healthcare Innovation & Partnerships” Workshop is to explore the opportunity for public and private healthcare sectors to establish shared state-of-the-art medical diagnostic and treatment infrastructure at Phillip Island and the Bass Coast and attract leading medical specialists including oncologists, cardiologists and radiologists etc., to live and work in the region and provide quality care for all patients.

A major potential benefit for our community is to significantly reduce the amount of travel time currently required for patients to visit a medical specialist and to receive ongoing treatment.

The participants in the Workshop are the following:

Hon Greg Hunt MP, Federal Minister for Health

Brian Paynter MP, Member for Bass

Cr Pamela Rothfield, Mayor of Bass Coast Shire

Hon John Pandazopoulos, Chair, Destination Phillip Island Regional Tourism Board

Jim Frantzis, CEO, ROC / ICON GROUP

John Ketelbey – Business Development Manager, Genesis Care Australia

Peter Spryszynski, Siemens Healthcare

Jan Child, CEO, Bass Coast Health

Dr Howard McCormick, Medical & Aged Care Group

John Turner, Wonthaggi Medical Group
